

Welcome to Encon Insulation Ltd, the leading independent UK distributor of thermal and acoustic insulation, interior building products, fire protection and roofing materials

National Network

From our truly national network of branches [1], the Encon group of companies offers an efficient and reliable service to all our clients nationwide. Encon is frequently in partnership with global players in insulation manufacturing, to meet exacting standards of modern construction methodology.

Stock & Product Range

With over a million square feet of warehouse space nationwide, we supply products from all major thermal and acoustic insulation manufacturers, alongside our portfolio of drywall, suspended ceilings, HEVAC, partitioning, roofing, and passive fire protection products. Our stocks include all relevant accessories, from metal systems and fixings to membranes and ventilation.

Specialist & Knowledgeable Staff

At every branch, the sales team offer independent and impartial advice on selecting a product or system to ensure that you get the most appropriate and cost effective solution. Our Technical Support [2] departments will assist with advice on Building Regulations, SAP, Heat Loss and U-Value calculations. In addition, our Nevill Long [3] division offer a comprehensive partition and ceiling take off service.

Construction Industry Coverage

We serve all sectors of the construction industry, from House Building, Roofing & Cladding and Commercial Building & Groundworks to Drywall, Fire Protection and Industrial & HVAC. We offer a competitive and trustworthy service to Builders & Timber Merchants. Our Nevill Long [3] division enables us to offer a comprehensive range of drywall, suspended ceilings and partitioning products.

30 years of operating experience in these markets has taught us exactly what customer service means to each of our customers, and enables us to adapt within an ever advancing industry.

Delivery Services

Our customers consistently tell us our delivery service is second to none. We offer a wide range of services to suit specified needs. These include mechanical offloads, timed drops, out of hours deliveries, plot lots, direct to site or stock deliveries plus much more - just ask. We strive to be on time, in full, every time.

Encon Insulation ... Insulation and a *great deal* more.
