

**The Distributor of Choice** 

Encon Construction Products is a specialist distribution division of The Encon Group - the UK's No 1 independent distributor of building and project solutions. Other specialist distribution divisions in the Group include Encon Insulation, Nevill Long Interior Systems and Encon Technical Solutions. Our Group also benefits from dedicated teams in passive fire protection and infrastructure.

Through our national branch network, Encon Construction Products offers an extensive choice of products and systems from market leading brands that span six key areas:

Concrete & Reinforcement Accessories, Construction Chemicals, Geotechnical,

Groundworking Products, Masonry Components and Waterproofing.

## Working with market leading brands

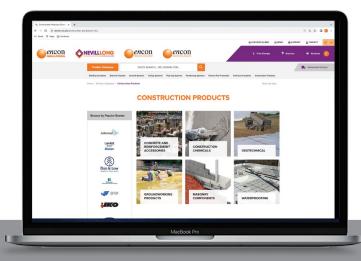

and many more...

For detailed product information and to view the complete range, visit our website or download our dedicated Product Guide at www.encon.co.uk

# **Concrete & Reinforcement Accessories**

A full product range for concrete and groundwork contractors. From tie bars and ancillaries to numerous types of spacers and specialist products for structural concrete such as shear load connectors, couplers and balcony connectors.

# **Construction Chemicals**

Primarily for use with concrete and includes a range for other applications too. High quality resin anchors for formwork and permanent heavy duty fixing, polysulphide joint sealants for concrete movement joints, cleaning products for masonry, and retarders and surface hardeners for concrete. We also supply a wide range of solutions for builders' merchants.

## **Geotechnical**

A comprehensive range of geotechnical engineering solutions, ensuring that the natural environment is correctly prepared for your projects. Products include woven and permeable non woven geotextiles, geogrids, coastal erosion control and environmental protection.

# Groundworking Products

A full range specifically for groundwork preparation, including gas protection and damp proof membranes, associated ancillaries and construction grout. We also stock in situ sacrificial formwork products such as Beamform and Hyrib and insulation for floor slabs.

## Masonry Components

Every brickwork and masonry ancillary you will ever need, including bespoke masonry support and windpost systems, channel, brickwork reinforcement, wall ties and restraints, high performance damp proof course systems (DPCs), ventilation, firestopping and insulation.

## Waterproofing

An outstanding choice of pre and post applied sheet membrane systems, as well as liquid waterproofing and tanking products and all the required ancillaries, including tapes, adhesives and protection boards.

## Why choose Encon?

## **Trusted Brands, from Stock**

Our strong relationships with market leading brands across all our divisions ensure customers benefit from wide stock availability and reassurance of supply through our 23 branches. This means all the solutions you need, from one main supplier.

## **Unrivalled Service, Nationwide**

Our customers are our number one priority, and we aim to make it easy for you. Our nationwide coverage means there is always an Encon branch within reach to support your project needs. Our fully stocked warehouses and yards, convenient collection service, dedicated vehicle fleet and flexible deliveries ensure you get all the products you need, on time, to specification and in the volumes you need. Deliveries include split loads, next day or just in time.

## **Expert Teams**

Our trained product champions and technical experts provide customers with specialist and in depth knowledge and experience so you can confidently make the right choice for your building projects.

## **Quality & Safety Assured**

Health and safety is always top of mind, in our workplace, on site and on the road. Our HSEQ team continually strives to oversee, implement and improve health and safety procedures throughout our business. We are fully accredited to ISO 9001, ISO 14001 and ISO 45001 and carefully consider the social and environmental impacts of our business.

## Standards & Accreditations

## **Solutions for Builders' Merchants**

As an integral part of your supply chain, our specialist Encon Construction Products branches and experienced teams provide all the products and support merchants need for ultimate convenience.
