

# Perforated Plasterboards

## Knauf Cleaneo Akustik Linear

The Knauf Cleaneo Akustik Linear perforated plasterboard range offers a unique installation requiring no jointing when used in conjunction with Knauf Cleaneo Akustik Linear Caps. This systems offers a very quick and clean installation whilst still providing excellent acoustic performance and aesthetic design. Knauf Cleaneo Akustik Linear is available in three sizes of circular perforation and one random circular perforation.

### One Size of Perforation

Aperture	Dimensions (mm)					Material No.	Fleece	Weight
	Circular	a	b	Thickness	Width			
8/18	8	18	12.5	1188	1998	146210	White	9.9
8/18	8	18	12.5	1188	1998	146208	Black	9.9
10/23	10	23	12.5	1196	2001	146213	White	9.9
10/23	10	23	12.5	1196	2001	146212	Black	9.9
12/25	12	25	12.5	1200	2000	146217	White	9.6
12/25	12	25	12.5	1200	2000	146215	Black	9.6

Area of perforation: 8/18 = 15.5% 10/23 = 14.8% 12/25 = 18.1%.

### Two Size of Perforation

Aperture	Dimensions (mm)						Material No.	Fleece	Weight
	Circular	a	b	c	Thickness	Width			
12/20/66	12	20	66	12.5	1188	1980	146221	White	9.4
12/20/66	12	20	66	12.5	1188	1980	146220	Black	9.4

Area of perforation: B4 = 13.7% B5 = 10.9% B6 = 15.7%.
